

AP World History Review Project aka THE BEAST

For the coming weeks you are going to be preparing for the AP Test. You are to create a notebook of ideas, trends, developments, and movements across time, a set of timelines, work on multiple choice questions, and write thesis statements. Every chapter from 14-38 is to be included (24 chapters). ***This cannot be typed.***

You are to include the following:

1. At the beginning of the notebook, create a table of contents which should include the **map, timelines, chapter titles, pages in your notebook.**
2. Along with the table of contents include a **color code key** to show your ideas.
-Include a map of the world with the regions colored and labeled along with the Oceans labeled. **This should be found immediately after the table of contents page.**
3. For the **Timeline** Section **which must be found at the beginning of the notebook after the maps** you must have **10** events per time period mentioned below, label the region where it happened, and category it would fall under (ie trade, war, religion etc)
-insert the timelines by gluing, taping, or stapling. Be sure to include them in your table of contents. **For each event you need to identify the AP World History Key Concept it goes to.**
4. Chart completion is the next part of the project. You are to complete the charts found on the back and insert them into your notebook. Each chart covers the various time periods.
5. Following the Timelines would be the various review tests found on Quia. Each test must be passed with a 70% two times. The test will be broken up by Time Periods and you will have unlimited times to complete them. Each test will be 35 questions timed. You must take the test at least 2 times. The questions are randomized. After taking the test and scoring a **70% you are to tell me and I will check for verification and then stamp your check off form.** If the quizzes are not stamped, you will not get full credit. Remember I am able to go online to check progress and to verify tests were taken. **Scoring an 80% two times will then have a failing unit test replaced with a 70%.**
6. For **each chapter** you are to have **12 to 15** trends, movements, ideas, inventions, and leaders that you feel are important for history (see below for the Unit/chapter amount). When writing them down they are to be color coded. You can determine what colors will represent what concept.
-Each point should be 2-3 sentences in length. Next to each word on the left is to be the AP World History Key Concept (not the number) it fits into.
-The full project is to be turned in the Friday-Tuesday before your AP Exam. Any day later will result in loss of points.
-Increments will be due below dates mentioned below
-When turning in the project have it in a 3 ring folder or spiral notebook and include a cover page. The cover page is up to you.
-You will also be graded on neatness and the effort put into the project. If it looks like you did not care and it is sloppy you will have points off. I do understand some people are not as neat as others when writing. **This cannot be typed.** You are putting enough into various classes and projects. Just write neatly.

Period 4 Chart 1750 C.E. to Present
